

## ELECTION RIOTS

### Officers Fire Forty Shots in Huntington, W. Va.

### SEVERAL PEOPLE INJURED

### Excitement Intense and Another Out- break Between Officers Is Now Feared.

Huntington, W. Va., April 6.—In the municipal election riots this morning, with policemen on one side and deputy sheriffs on the other, forty shots were fired. Roy Hill, a policeman, may die, Jerry Adkins, a deputy sheriff, was fatally hurt, Burt Foster, policeman, one s Bayless, a deputy sheriff, and Henry Nash, a deputy sheriff, were hurt. The excitement is intense. Nearly all the deputy sheriffs in the rural districts of the county are here. Another outbreak is feared.

A. Z. Lilly a juror at the federal court, was shot in the shoulder and was seriously wounded. It is alleged that three men standing in upstairs windows of the city hall, emptied their revolvers into the crowd when the fighting was in progress.

## SPORTING MEN

### Will Testify That Smith Was on the Train When Patterson Pistol Was Purchased.

New York, April 6.—According to the defense, when Nan Patterson is brought to trial Monday, several sporting men will testify that J. Morgan Smith was on board the train coming from Gravesend race track at the time he is alleged to have purchased the revolver, and a bookmaker who accepted a bet from Smith that day, will produce the race track sheet giving the name of the horse, the time at which the bet was made and the time the bet was cashed in. Mr. Smith will also be put on the stand to refute the statement of the prosecution's witnesses that Young met Nan Patterson by appointment on the morning of the shooting.

### Woman Shot.

Philadelphia, April 6.—Mrs. Urania Cundy, 23, of Patchogue, Long Island, died in a hospital here from a bullet wound in the head. The shooting occurred in Fairmount park, and her husband, Percy Cundy, is under arrest. At first the man said that his wife shot herself, while admitting that he purchased the revolver intending to kill both himself and wife. Later he told the police that while he and his wife were seated in the park he decided to carry out his original intention. He placed the revolver at his wife's right temple and, as he hesitated, Mrs. Cundy, he says, grasped the weapon and discharged it. Becoming frightened he feared to turn the pistol upon himself, but instead called for help.

## UMBRELLA

### Used by the Doughty Women on a Thief They Knocked Down—Wom- en the Victims.

Evansville, Ind., April 6.—Miss Sadie Loftus and Mrs. Joseph Assman had a desperate encounter with a purse snatcher last night and came out victors.

The women were coming down town to do some shopping, and as they were passing an alley a white man stepped out and tried to snatch the purse carried by Miss Loftus. She and Mrs. Assman beat the thief over the head with an umbrella. The man was knocked down, but got up and ran away. He was arrested and gave his name as Claude Woods, a piano maker. It is said Woods confessed to the police after his arrest.

### COUNT FINALLY LOCATED.

Vienna, April 6.—The Austrian military attaché with the Russian army, Count Szeptycki, supposed to have been missing since the battle of Mukden, is reported safe with Lieutenant General Rennenkampf's forces.

### EDWARD LEAVES FOR FRANCE.

London, April 6.—King Edward left today for Marseilles where he will join Queen Alexandra.

### CZAR'S SON IS ILL.

Berlin, April 6.—The Lokal Anzeiger today says the Czar's son, the Czar's son and heir is suffering from inflammation of the ears.

Grand Duke Michael, commander of the Russian navy, is the sailor of the Romanoff family—a jovial, elderly bachelor, who spends as little of his time at sea as possible.

## FOR OPEN DOOR.

### GERMAN EMPEROR ANNOUNCES HE STANDS IN MOROCCO.

### Policy Made Known to Uncle Sam— He Would Safeguard Trade In- terests There.

Washington, April 6.—Upon the receipt of instructions from Berlin, Baron Von Speck Sternberg, the German ambassador, called at the war department upon Secretary Taft, whom the president before leaving Washington designated as the cabinet officer with whom the ambassadors should confer, and in the name of the German emperor left with the secretary a brief memorandum setting forth the Moroccan policy which Germany has all along pursued, and from which she does not propose to be swerved.

In substance the memorandum, which is couched in the most explicit language, announces that Germany stands for the "open door" in Morocco no less firmly than in the far east, for the preservation of the Moroccan status quo and for the safeguarding and protection of the commercial and trade interests in Morocco not only of Germany but of all the trading nations of the world.

After presenting the memorandum the secretary and the ambassador had a brief conversation on the subject of Morocco, Baron Sternberg calling attention to the commercial importance of that country to the trading nations and emphasizing the international importance in Germany's opinion of the preservation of the "open door." The secretary thanked the ambassador for his explicit statement of the German policy, and promptly forwarded the memorandum to President Roosevelt.

Secretary Taft, while expressing interest in the emperor's views, refrained from committing this government on the subject, nor did the ambassador in any way endeavor to sound him as to the president's attitude. There is no request in the German note for a statement of the Washington government's position, and one reason for its presentation was the circulation in Europe of sensational reports about the German emperor's visit to Tangier and the German attitude toward Morocco. Although France is not mentioned in the memorandum, it can be stated that Germany regrets that she was not officially advised of the new position in Morocco contemplated by Great Britain and France which was later disclosed in the treaty signed last spring by which the British government deferred to the superior interest of France in Morocco. Germany holds that her interests in Morocco are in every respect equal to those of Great Britain, and the establishment by any power there of a special sphere of influence would be deplored in Berlin.

## MEETS NEXT WEEK

### Call Issued to the Republican Central Committee to Arrange for State Convention.

Columbus, O., April 6.—Secretary Walter Brown of the Republican state central committee, after a conference here with Chairman Orin B. Gould, issued a call for a meeting of the committee at the Neil House, Columbus, April 12. At this meeting the state convention will be called to meet May 24 and 25, and in all probability at Columbus. The committee is expected to name as temporary officers of the convention William H. Taft of Cincinnati, chairman; John R. Malloy, Columbus, secretary, and for sergeant-at-arms, whoever is put forward by the two Cincinnati committeemen.

The central committee in its call for the convention will apportion the delegates on the basis of the vote for Roosevelt and Fairbanks. Because this vote was so heavy, the convention will be the largest in the history of the Republican party in Ohio. It will be composed of 1,195 delegates. As has been the custom for some years, the bars will be put up against delegates named by county committees or mass conventions, and the convention call will declare regular only delegates who shall have been chosen by direct primaries or by county conventions composed of delegates elected by primaries or selected by ward and township caucuses.

## IN RUSSIA

### Wide Religious Reforms May Be Intro- duced by Czar Who is Consider- ing the Matter.

St. Petersburg, April 6.—It is reported that the Czar is considering the question of abolishing the office of procurator of the Holy Synod, now held by M. Pobiedonostzeff. This is the outcome of the desperate struggle between M. Pobiedonostzeff and President Witte of the committee of ministers. Witte has secured the cooperation of M. Antonius, metropolitan of St. Petersburg, and seems likely to win. If successful it will mean the introduction of wide religious reforms.

## SIXTY SWOON

### Factory Employees Poisoned in Mysterious Manner at St. Petersburg.

St. Petersburg, April 6.—Sixty employees in a big factory suddenly swooned today, having been poisoned in a mysterious manner. The physicians are unable to trace the cause of their sudden illness. Twenty-eight are in a critical condition.

### ASSASSIN IS IDENTIFIED.

St. Petersburg, April 6.—The identity of the slayer of Grand Duke Sergius has been established. He is Kalaieff, son of the police inspector at Warsaw.

## SCOTLAND

### Will Gladly Send an Expert to Chicago to Give Mayor Elect Dunne Some Good Pointers.

Glasgow, Scotland, April 6.—This city has enthusiastically agreed to grant the request made by Mayor-elect Dunne, of Chicago, that the manager of the tramway system visit Chicago to advise the authorities in regard to the best method to be pursued in efforts to organize the street car systems under the proposed municipal ownership plan. Glasgow is one of the pioneers in municipal ownership in Great Britain, and is the model from which all later municipal control schemes have been worked out.

## LORENZ APPEARS

### Toledo Man Gives Bond in Sum of \$10,000 in Connection With Indictment.

Washington, April 6.—George E. Lorenz of Toledo, O., convicted jointly with August W. Machen, Diller B. Groff and Sam A. Groff of conspiracy to defraud the United States in the Groff letter-box fastener case, and sentenced to serve two years in the penitentiary and to pay a fine of \$10,000, is in this city. Mr. Lorenz appeared in criminal court No. 1 and gave bond in the sum of \$10,000 in connection with the new indictment reported a few days ago by the grand jury against Lorenz, Crawford and Machen, charging them with conspiring to defraud the United States in the carrying out of a contract between the postoffice department and the Postal Lock and Device company, for the supplying by the latter of letter carriers' satchels and straps. Mr. Lorenz was ill at his home in Toledo when Machen and the Groff brothers were taken to prison.

## CHADWICK CASE DELAYED TILL FALL

Cincinnati, O., April 5.—The United States District Court of Appeals decided this morning that it could not hear the appeal in the case of Mrs. Chadwick until October.

## GREAT HAVOC

### Wrought by Earthquake in India, Whole Villages Being Destroyed. Further Details.

London, April 6.—A dispatch from Lahore, British India, today, says 80 per cent of the population of Dharmasala were killed in the earthquake. A large party of doctors and nurses has started for the stricken district.

Calcutta, April 6.—Eight natives were killed during the earthquake at Mussoorie, northwest provinces, and great damage was done to buildings, both public and private. Many houses were completely demolished. The fissures in the roads have been closed and repairs to the buildings have already been started. The weather was bright and warm when the earthquake occurred. Four or five further shocks caused a slight recurrence of the panic.

North Dharmasala Station, 85 miles northwest of Simla, which was destroyed, all the houses in the place were leveled to the ground and some Europeans and many natives killed. Women and children are sleeping in the open air. Food is not procurable, as the bazaar is in ruins. Urgent demands for medical assistance have been sent to Lahore. Reports indicate that Dharmasala felt the full force of the shock. The deaths include C. W. Loxton, who only the previous day had assumed the office of district judge from Captain Elliott, who, with his family, left the same day, escaping the shock. Mrs. Loxton's fate is not known. Others who perished were F. M. Levi, C. T. Young, T. Millar, F. Farley, all public officials; Captain Muscroft and Miss. and the two Misses Robinson. Colonel Robinson appears to have survived.

## COLORADO LAMBS FOR EUROPE.

Denver, Colo., April 6.—The first large consignment of lambs ever shipped out of Denver for a foreign market was sent this week. An entire train, twenty-eight cars, was loaded with Colorado pure bred and shipped to Buffalo, where the lambs will be killed and shipped thence in cold storage to Europe. The train load is valued at \$15,000.

### ASSASSIN ESCAPED.

Kishineff, Russia, April 6.—An unknown man in an attempt to assassinate M. Kuchel, assistant police commissary, last night, but failed. The assailant escaped.

## INHALED GAS

### Woman and Three Children Found Dead in Bed in New York City.

New York, April 6.—An aged woman and three children were found dead in bed this morning, having been suffocated by inhaling illuminating gas. They are Mary Rogers, aged 75, Helen Clark, aged 12, Kate Clark aged 10, and Elizabeth Clark aged 7, of the family of an east side worker. John B. Hayes aged 43, was burned to death in a tenement fire which created a panic among 32 families. Many persons were rescued with difficulty by the police and firemen.

## EFFORTS FRUITLESS

### Emperor Francis Joseph Returns to His Capital—Situation is Still Unchanged.

Vienna, April 6.—Emperor Francis Joseph has returned from Budapest. All his efforts to secure a solution of the Hungarian cabinet crisis have been fruitless, and the situation is practically the same as it was two months ago. The lower house of parliament apparently will continue in session, despite the emperor's request that it adjourn until a solution can be reached, and there is danger that the debates in the house will lead to greater trouble between the crown and the opposition parliamentary majority. The old ministry, of which Count Tisza is the head, remains, but its members practically are only the crown's executives, and are quite powerless in parliament.

## 'PHONE CHARTER

### Effort to Have Franchise at Chicago Forfeited is Begun by State Attorney Healy.

Chicago, April 6.—An effort to have the courts declare the charter of the Chicago Telephone company forfeited was begun by State Attorney Healy on quo warranto proceedings in the circuit court. The attempt to force a forfeit of the company's charter is based on two allegations. First, that the company has chartered \$150 and \$175 a year for the use of telephones when its franchise fixes the maximum charge at \$15. Second, that the company has charged toll on telephone calls between points lying within the city limits in direct violation of the provisions of its franchise.

A good reputation is a fair estate, but there are others on which it is easier to get a mortgage.

## ENTHUSIASTIC

### RECEPTION ACCORDED THE PRES- IDENT IN TEXAS.

### Makes Several Addresses—Attends a Banquet, Accepts Souvenir at Denison from Children.

Dallas, Tex., April 6.—A reception on the steps of the capitol by Gov. Langham and the chief officials of Texas, and an address to the legislature now in session is the feature of the program for today's trip of President Roosevelt across the heart of the Lone Star state. Austin, the capital, will be reached at 2 o'clock. The state house is magnificently draped. The first stop of the day was at Waco. Brief halts are marked down for Temple and Taylor. After Austin is left this afternoon the only stop before San Antonio is at New Braunfels. At San Antonio, the former colonel of the Rough Riders will be in the hands of his old comrades for the reunion tomorrow.

Waco, Tex., April 6.—Texas has extended to President Roosevelt a most cordial welcome. At every station touched by the presidential train large crowds turned out to greet the nation's chief magistrate. Pat addresses were made at several points, the president aptly catching the fancy of the natives. Waco was reached this morning, and after a brief stop the journey to Austin, the capital of the state, was resumed. Reception committees were in attendance when the train rolled into the depot at Dallas, and the chief executive was driven through the streets to a public stand near the Oriental hotel, where he delivered an address. The streets were densely packed with citizens and visitors, and the reception accorded the president was nothing short of a continuous ovation. After delivering his speech the president and party attended a dinner at the Oriental hotel tendered by the citizens of Dallas.

An immense crowd had gathered at Denison to greet the president, who was standing on the rear platform smiling and bowing his acknowledgments to the cheers which greeted him as soon as the train stopped. A party of school children advanced to the platform and presented the president with a magnificent floral offering in the shape of a Texas flag. At Sherman one of the largest crowds of the trip greeted the president. He was escorted to a stand, where he spoke for 15 minutes. Cannon boomed and the whole town was in gala attire. At Muskogee, I. T., fully 10,000 people surrounded the railway station. A stand, draped in the national colors, had been erected near by, and although the program did not call for a speech here, the president yielded to the loud acclaim of the people and, escorted by a committee which boarded his train, made a brief address. His subject was "Statehood," and enthusiastic applause greeted his utterance that the Indian Territory would add its star to the galaxy of states within a year. Brief speeches were also made at South McAlester, Atoka, Caddo and Durant.

Mr. Roosevelt, at one point, addressing a vast assemblage, said: "I want you men of Texas, you men of my age, to see today that exactly as you lift your heads here by virtue of what your fathers have done, so your children have the right to hold their heads high because of the way in which you have handled yourselves. A glorious memory is the best of all things for a nation if it spurs that nation on to try to rise level with that memory. It is a poor thing for a nation if it uses the memory of the past to excuse its inaction or failure in the present. Keep before yourselves ever that the fact that you are proud of those who have gone before makes it incumbent upon you to leave a heritage of honor to those who are come after you and who are to train those who come after you so that they can do their work in the world."

### Wolf Drive Arranged.

Oklahoma City, Okla., April 6.—Arrangements have been completed for the reception and entertainment of the presidential party in the Pasture Reserve from Saturday until Wednesday. The special train will arrive at Frederick Saturday at 3 p. m., at which place a reception and banquet will be given. The party will leave for the camp at 5 p. m. A telegraph office is being installed at a point on the St. Louis and San Francisco railroad near which the camp will be located. Monday morning the hunt will begin with John Abernathy an old cowboy and plainsman, acting as guide, and will close on Wednesday evening with a wolf drive.

### LOUBET MEETS THE KING.

Paris, April 6.—It is officially announced that President Loubet will leave Lyons late today to meet King Edward at Pau. They will be joined by the king's family. They will then go to Pau, reaching Lyons tonight. The interview between the French president and the English king will occur in the royal carriage.

### KING MEETS KAISER.

Rome April 6.—King Victor Emmanuel left this morning for Naples to meet King Wilhelm.

## BECOMING WORSE

### Rioting and Burning in All Parts of Russia

## HOSTILITIES IN FAR EAST

### May Be Resumed on Large Scale In Near Future Say Dispatches From Front.

(Bulletin.)  
St. Petersburg, April 6.—Internal dissension is becoming worse. Reports constantly tell of rioting and burning of property in many parts of the country. The peasants are offenders in most instances. The belief is becoming general that the rebellious forces are working together and fears for the future are expressed.

### HOSTILITIES IN FAR EAST.

St. Petersburg, April 6.—According to dispatches received from Manchuria today, a Japanese detachment is advancing on the Russian position on several roads and this may mean that active hostilities on a large scale will be resumed shortly.

Gen. Markevitch, under Gen. Linevitch, today reports that a detachment of the enemy has been discovered on the Russian front, moving on the Mandarin, Chantfu and Haymaway roads. No estimate of the strength of the detachment is given. A Korean detachment of a Russian force encountered a Japanese force near Kichju, northern Korea, and dispersed the enemy.

Tokyo, April 6.—Announcement today made regarding the movements of the armies in Manchuria says that on April 3, the Russians sent a force southward. Chinfu Heaton was bombarded and an advance was made against both the Japanese flanks. The Russians were repulsed the next day. The Japanese losses numbered 27 wounded, while the Russian casualties are estimated at over 200.

## REBELLIONS IN CHINA

### NOT UNUSUAL IN EXTENT

Washington, April 6.—Russia has been informed by the United States that so far as the American minister at Peking, Mr. Conger, has been able to find out, the reported anti-foreign movements in China are not unusual in extent or character. The Russian government recently requested Secretary Hay to inquire into this matter, which was a cause of some anxiety at St. Petersburg. Mr. Conger says that during the past year he received information at various times of the existence and activity of certain secret societies in several provinces. These societies have existed during the whole period of the Manchu rule, and as a result local rebellions occur nearly every year. There is such a rebellion now in the province of Kuangsi. The aim of these societies, Mr. Conger says, is the overthrow of the present Manchu dynasty, and at times they have attacked foreigners. Mr. Conger finds that at present these societies are not unusually active except in the province of Kuangsi, and that there the movement is wholly anti-dynastic.

## NEITHER

### Is Fit to Be at the Head of a Family, the Judge Said, in Divorcing The Pair.

Washington, Ind., April 6.—Not fit the history of the Davless Circuit court did anyone ever receive so severe a reprimand from the court as did Francis M. Dorsett and wife, when Judge Houghton granted the husband a divorce yesterday afternoon. Dorsett was the pastor of the General Baptist church at South Washington until last week, when he was ousted. Said Judge Houghton:

"In the interest of society I will grant the plaintiff a divorce, thus putting an end to such outrageous evidence as has been introduced in this case. I do not think that either the plaintiff or the defendant is entitled to any consideration from this court, and if I had the power in making this decree I would prohibit both from marrying again, and in violation of such order I would sentence either or both to the penitentiary for a term of 10 years, for neither is fit to be at the head of a family."

### MYSTERIOUS MURDER AT 'FRISCO

San Francisco, April 6.—Wrapped in a blanket, the body of a youth with his head, arms and legs below the knees missing, was found at a street corner in the northern part of the city last night. The body was still warm and quivering. The limbs had been chopped off. The crime is believed to be the work of the Mafia.

### NEWARK FRIENDS

Surprised to Learn of Miss Anna White's Marriage—Wedding Had Been Kept Secret.

The announcement in Wednesday's Advocate of the secret marriage of Miss Anna White, formerly of Mt. Vernon, and Dr. Archibald Gardner of Philadelphia, two years ago, was news to the young woman's many friends in Newark where she had visited many times, the last visit being in July, 1903, a month after her reported marriage. Even her closest friends in the city received no intimation of the wedding and they were greatly surprised to learn of the marriage. Mrs. Gardner is a charming young woman and her many friends here join in wishing her much happiness.

We are curing thousands, treating by mail. Every case confidential.

**READ THIS, YE SUFFERING WOMEN!**

"NUTRIOLA COMPANY—Gentlemen: I had been an invalid for over 10 years. KIDNEY TROUBLE had caused such a weakness in my back that I was unable to work standing up. Then disease peculiar to my sex fastened upon me and my life became one round of UNENDING TORTURE, such as only one afflicted as I have been can know. To stand upon my feet for five minutes was a torture unspeakable. The terrible DRAGGING DOWN SENSATION would send such a feeling to my brain as to impair my vision and drive me almost insane. Nervous Headache was my constant visitor, and the slightest noise would drive me almost wild. The doctors told me I could never get well. I learned of NUTRIOLA and applied for treatment. As a result I was RESTORED TO PERFECT HEALTH. From 96 pounds I increased in weight to 143 pounds. I have never seen a sick day since. I now weigh 158 pounds. I would not be back again where I was before I took NUTRIOLA for all the wealth of the world. May God bless you in your efforts to help suffering humanity. Your grateful servant, MRS. JANE A. WEBBER. Detailed testimonial in "Fountain of Life." It's Free.

**NUTRIOLA Costs 8 Cents a Day.** \$2 for 25 days' treatment.

## CITY SOLICITOR

### HEARS RUMORS THAT TRACKS MAY BE RAISED.

Workmen Engaged Thursday in Elevating Tracks in Vicinity of the Second Street Crossing.

Rumors reached City Solicitor Smythe Thursday afternoon that probably an attempt would be made at night to raise one of the Pan-Handle railroad tracks at the Second street crossing. A gang of men has been working all day raising and grading this particular stretch of track and the raise in the grade can easily be noticed with the naked eye. The raise of track reaches within a few inches of the board crossing, where a perceptible drop in the grade can be seen as the rails cross the wooden crossing.

Two years ago injunction was asked for by Phil B. Smythe and granted by the Common Pleas court against raising the tracks above a grade which was named in the injunction. The case was decided for the city of Newark in both the Common Pleas and Circuit courts, and there the case rested, although at various times the authorities and the railroad companies have had suits over the grade.

Mr. Smythe said that the actions of the companies would be watched and if an attempt should be made to raise the tracks, he would bring action against the companies for contempt of court.

George Smith, a son of George Smith, an Everet glass blower, is quite sick at his home, 243 Clinton street, with tonsillitis.

Mrs. John Gough is suffering with an attack of tonsillitis at her home in the Avalon Flat.

## IN THE COURTS

### Circuit Court.

Arguments of counsel were made to the court in the case of P. B. Evans vs. The State of Ohio, to reverse a judgment of conviction of mayhem rendered by the Common Pleas court. Evans was sentenced to three years in the penitentiary, the jury having found him guilty of an assault with intent to maim a farmer named Nessley, and it is to reverse this judgment that he carried the case to this court, setting forth various claimed errors in his petition in error. Kibler & Kibler, Fitzgibbon.

The court was engaged the greater portion of Thursday in hearing testimony in the case of S. D. McArthur vs. The C. N. & Z. electric railway company. McArthur claiming that in the construction of the railway in front of his property in East Newark the railway company so constructed the road as to injure his property, and that no compensation had been made therefor. Stasel; Fitzgibbon.

### Taken to State Hospital.

Merle De Wolfe, who lives near Kirkersville, was taken to the State Hospital at Columbus Thursday by Deputy Sheriff Charles H. Mohr, having been adjudged insane by Probate Judge Walter A. Irvine.

### Supreme Court on Alimony.

Columbus, O., April 6.—The Supreme court has decided to officially report its finding in the suit known by the title of Lemert vs. Lemert et al. It does so because it wishes to lay down a final rule as to alimony that will hold that a judgment for money under an alimony award never becomes dormant. The Lemert suit was brought by a divorced wife against a bankrupt husband. The federal circuit have decided that bankruptcy suits bar alimony suits, alimony claims and new suits. Our courts make the ruling stronger by holding that the divorce and judgment on the divorce.

### In Squire's Court.

Salem O. Tarleton has filed a petition to change a suit Arthur Hallop of Columbus street. Hallop was arrested last night by Constable Brooks and the case was tried Thursday afternoon.

Returns from Colorado local elections show that many districts in which large majorities were reported for Peabody have been carried by the Democrats. The contention of Governor Adams, that a full investigation of all the districts of the State would show that he was elected is thus given additional support. The injustice done to him by the Republican majority in the State Legislature is already bearing fruit. The majority of the people in Colorado resent that injustice, and will doubtless in due time do all that is in their power to punish those guilty of it. The manner in which they voted this week is indicative of their feeling and of what they think of the way Governor Adams was cheated after being elected by over 10,000 majority.

## CHICAGO'S NEW MAYOR

Who Pronounces His Name "Dun" Writes His Own Epitaph—What He Intends to Do.

Chicago, April 6.—The name of the new mayor of Chicago, Judge Edward F. Dunne, is pronounced as it spelled "Dun" or "done."

Judge Dunne speaking of what he intends to do said:

"I will appoint a corps of expert engineers to make a careful survey of all the street railroads in the city."

"I believe that before many months you will see Chicago owning at least one railroad line."

"It will be years before the city will come into possession of all of the street railway franchises."

Judge Dunne writes his own epitaph: "When I die," said the mayor-elect, "I want this inscription placed on my tombstone:—

"Here lies the body of Edward F. Dunne."

"He died a poor man, but he was the father of municipal ownership and 13 children."

"May he rest in peace."

## IN OFFICE

His Four Predecessors Died and Mittenbuhler Tried to Hang Himself With a Cord.

Norwalk, O., April 6.—Charles Mittenbuhler of Plymouth, a director of the Huron County Infirmary, attempted to commit suicide by hanging himself. He tied both ends of a stout cord to a ladder in his barn and slipped his head through the loop. In some manner the rope untwisted and the body fell to the floor. Mittenbuhler's son found him in an unconscious condition. No motive is assigned.

Mittenbuhler was chosen to succeed John Miller, who died in office. He was re-elected last fall. The four previous directors died while in office. Mittenbuhler is still in a comatose state and is not expected to live.

## RICH MAN WOES

WINS HIS CO-WORKER

TENEMENT SETTLEMENT WORK HAS INTERESTING ROMANCE IN NEW YORK.

New York, April 6.—An interesting romance growing out of university settlement work among the tenement population on the East Side was revealed when announcement was made of the engagement of J. G. Phelps Stokes, millionaire and philanthropist, son of Anson Phelps Stokes, to Miss Harriet Pastor, formerly of Cleveland, Ohio, and the later is a writer on the Jewish Daily News of this city, from which she recently resigned to accept a clerkship in the university settlement in Eldridge street.

Miss Pastor, who is an attractive young woman, has for years been one of the foremost workers for the better conditions of the poor of the East Side and it was while thus engaged that she met Mr. Stokes, who has always been actively interested in settlement work.

Miss Pastor was born in Augustow, Russia, in 1879, and came to this country with her family in 1891, going to Cleveland where she was a contributor to the local Jewish papers until three years ago when she came to New York.

Mr. Stokes is many times a millionaire. His brother, the Rev. Anson Phelps Stokes, Jr., is secretary of Yale university. One of his sisters is the Baroness Halkett. Another sister, who like himself is devoted to works of philanthropy, married Robert Hunter, formerly head worker in the university settlement in which Miss Pastor is now employed.

## GRABBED THE LAST STRAW

I. P. Crowell Who Suffered Twenty Years From Catarrh Cured by Rexall Mucu-Tone.

Catarrhal sufferers who have tried all kinds of medicines can take heart now. Read what I. P. Crowell of Central Falls, R. I., writes us:

"For fifteen or twenty years I was troubled with catarrh of the head and throat, which annoyed me very much. I took in the meantime many kinds of medicines and so-called cures, but found no relief, but seeing Mucu-Tone advertised I thought I would try again and see if it would not be the kind of medicine that I have been looking for, and this day I can cheerfully say that I have found the right kind of medicine for catarrh, and feel confident that I am cured, and will gladly recommend it to all persons in need of a catarrh medicine and a sure cure."

Rexall Mucu-Tone is out a hit or miss cure. It is a catarrhal specific, designed for that one purpose and sold by Frank D. Hall on a broad and liberal guarantee to refund the purchase price to any dissatisfied customer.

Referring to Mr. Crowell's case Mr. Frank D. Hall says: "We couldn't afford to and wouldn't publish these testimonials if they were not true. Sometimes we feel that testimonials we receive do not half express the real value of Rexall Mucu-Tone. Our confidence in it is so great that if anyone is suffering from a hanging-on cold, catarrh, or run-down system, or in any way needs a tonic, we will be very glad to sell them a trial bottle for fifty cents and guarantee it to give satisfaction or refund the price."

## FROM ENGLAND

The Body of Pocahontas Will Be Brought to Be Reinterred on Jamestown Island.

Baltimore, Md., April 6.—After reposing for many decades in the soil of England the body of the Indian Princess Pocahontas will be brought to this country and buried on Jamestown Island, the site of the first English settlement in America. This, according to General Fitzhugh Lee, president of the Jamestown Exposition company, will be one of the most interesting events of the exposition to be held two years hence, to celebrate the landing at Jamestown. It is stated that Pocahontas, who married Rolfe, was buried at Gravesend and that her resting place has been kept in repair. Influential people in England are lending their aid to further the removal.

A LASTING EFFECT. This Evidence Should Prove Every Claim Made for Doan's Kidney Pills in Newark.

Relief from the pains and aches of a bad back is always welcome to every backache sufferer; but to cure a lame, weak or aching back is what's wanted. Cure it so it will stay cured. It can be done. Here's the strongest evidence to prove it:

C. E. Walton, barber, at 54 S. 2d St., and living at 121 Valandigham St., Newark, O., says: "I have used Doan's Kidney Pills for kidney complaint and backache with great benefit and take pleasure in adding my endorsement to the testimony already offered in favor of that remedy. I suffered from kidney complaint for a number of years. It was caused, I think, by the nature of my work. Being on my feet all the time my back became weak and a dull heavy pain came which increased in severity until it seemed almost continual. I ached just as bad at night as during the day. After trying a number of remedies without finding relief I got Doan's Kidney Pills at Crayton's drug store. They cured me. The cure has been lasting and I can conscientiously recommend Doan's Kidney Pills to all sufferers from kidney troubles."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

## RAILWAY RUMBLES

NEARLY 75,000 CARS HANDLED IN B. & O. YARD IN MARCH.

Ralph Peters is Promoted—B. & O. Yard Extension at Pittsburg—An Expensive Car.

The records at the yard office show that 69,499 freight cars were handled in the Newark yards during the month of March. During the same period 4842 passenger cars were received and despatched. These figures show an increase of about ten per cent over those for the month of February. Compared with last year's report the figures average about the same.

**Ralph Peters Promotion.**  
New York, April 6.—Ralph Peters of Columbus, O., has been elected president of the Long Island railroad system. His election to the presidency of that most important stretch of railroad traversing Long Island, with its many branches, came unsolicited. It was in Philadelphia Tuesday that Mr. Peters first knew that he was to be the new president of the Long Island. He was told so by A. J. Cassatt, president of the Pennsylvania company, who had long valued Mr. Peters highly for his intimate knowledge of railroad operating.

**B. & O. to Enlarge Yards.**  
Pittsburg, Pa., April 6.—Extensive improvements are to be made by the B. & O. this year in the freight yards at Thirty-sixth street, which when completed will give the road ample means of handling the freight from the Junction railroad and add an important classification yard to the present facilities in the Pittsburg district. Plans for the proposed new yards have been completed by the engineering department, and work is expected to commence within 10 days. An appropriation of over \$50,000 has been authorized by the officials at Baltimore for these improvements.

**\$50,000 Car for Vanderbilt.**  
Chicago, April 6.—The most expensive and luxurious private car ever constructed is now building at the Chicago works of the Pullman company, for W. K. Vanderbilt. The new car, when finished, will cost Mr. Vanderbilt \$50,000.

**McCarthy Suggested.**  
Pittsburg, April 6.—Vice President McCrea says he does not know who will succeed Ralph Peters at Columbus. R. E. McCarthy, superintendent of the Pittsburg division, is in New York, and there is an intimation that he is to confer with President Cassatt and will probably go to Columbus.

## AGED COUPLE

Sign Separation Pact Having Agreed to Live Apart—Each is Over Seventy Years of Age.

Coshocton, O., April 6.—Wm. Webb and Lucinda Webb, aged 78 and 72 respectively, have agreed to live apart the remainder of their days. Articles of separation were drawn up in Judge Roche's office in which it is agreed that each shall retain the property each had when they were married and surrender all right and interest in the property of the other now and forever, each to pay half the costs and the attorney fees.

The parties reside in Pike township and suit for divorce was brought by Mrs. Webb, a short time ago. Mrs. Webb will return to her farm and Mr. Webb who is a minister of the gospel, will settle down into single blessedness again.

THEN LADS LANDED IN THE CITY PRISON SECOND TIME.

Columbus Boys Arrested Here Twice Within 24 Hours—Father Comes for Them.

The term of service at the Heisey glass factory of Frank Jenkins and Will Carroll, the two Columbus lads who were given lodging at the city prison Tuesday night, was very short. The youngsters went to work after dinner Wednesday and worked until supper time. The foreman of the department where the lads were employed secured board and lodging for the boys with Frank Moranville, who lives near the factory.

After supper Wednesday, Moranville missed a pocket book containing five dollars. The boys were suspected of the theft and the police were notified. Officers Jamison and Brooke investigated the case and got both of the adventurers out of bed and took them to the city prison for the second time within twenty-four hours.

Shortly after 5 o'clock Wednesday night, the father of the Jenkins boy called the police station and stated to Stationkeeper Atherton that he would come after his son Thursday morning. He stated that he was having considerable trouble with the boy and would take steps to break the boy of his wild ways.

In police court Thursday morning both of the boys were fined \$5 and costs on a charge of petit larceny. Moranville recovered nearly all the money which was stolen from him.

Mr. James McKenna who was naturalized in 1868, has just found that in his papers he is made to forswear allegiance to the King of Italy. He indignantly requests the United States District court, San Francisco, to set the papers right, declaring that he never had anything to do with Italy.

## GAS STEALING

AND TAMPERING WITH METERS MUST BE STOPPED.

Newark Natural Gas and Fuel Company Calls Attention to Law Upon the Subject.

For some time the Newark Natural Gas and Fuel company has been making an inspection of the gas connections in Newark and in many instances have found that meters have been tampered with. In a number of cases people have been stealing gas but in all instances those who have been burning gas without paying for it are being made to settle the account. Manager L. F. Carl calls attention to the Ohio law which makes the stealing of gas a misdemeanor, punishable by fine and imprisonment.

Section 1. Be it enacted by the general assembly of the state of Ohio, That whoever, not being the agent or employer for the purpose of the owner, manufacturer, or operator thereof, maliciously opens, closes or in any manner or to any extent adjusts or interferes with any valve, regulator, gauge, gate, disc, curb lock, stopcock, meter, or other regulating, operating or measuring device or appliance in or attached to the wells, tanks, conduits, pipe lines, mains, service pipes, house pipes, display pipes, or other pipes of any gas company, manufacturer or furnisher of gas with the intent to cause the escape of any gas or to injure or destroy any of such property, and whoever not being the agent or employer for that purpose of the owner, manufacturer or operator thereof, maliciously alters or enlarges any mixer furnished by any gas company, manufacturer or furnisher of gas to or for a consumer of its, his or their gas, or maliciously removes from its connection any mixer so furnished or approved, or without express permission first obtained, consumes for fuel the gas of any gas company, manufacturer or operator thereof, and whoever not being the agent or employer for that purpose of the owner, manufacturer or operator thereof, taps, severs or opens any main or pipe, used or intended for the transmission of gas or connects with such main or pipe, shall upon conviction thereof be fined not less than twenty-five dollars, nor more than three hundred dollars, or imprisoned not more than thirty days, or both.

The word "gas" in this act shall include and mean natural and artificial gas, for heating and illuminating purposes.

Section 2. This act shall take effect and be in force after its passage.

Passed March 26, 1891.

Abstract from Section 2560—Rev. Statutes.

Every person who wilfully or fraudulently injures, or suffers to be injured, any meter belonging to any gas company, or prevents any meter from duly registering the quantity of gas supplied through the same, or in any way hinders or interferes with its proper action or just registration, or attaches any pipe to any main or pipe belonging to such company, or company without the written consent of an officer thereof, unless the same otherwise burns or uses or causes to be used, any gas supplied by such passes through a meter set by the company, or fraudulently burns the gas of the company or wastes the same, shall for every such offense, forfeit and pay to the company not more than one hundred dollars, to be recovered in an action brought by the company against such offender, and in addition thereto shall pay the company the amount of damage by it sustained by reason of such injury, prevention, waste, consumption or hindrance.

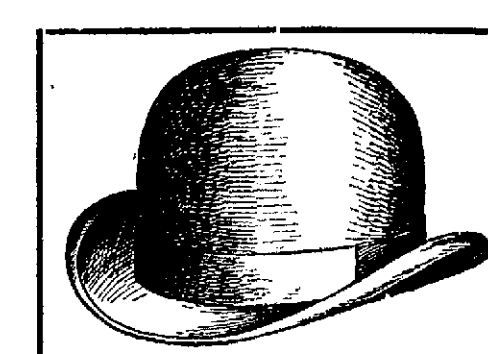

Inspections are made from time to time by the company, to determine the efficiency of its service, and the manner in which gas is being used, and notice is hereby given, that any and all persons who may be hereafter detected in such acts as are specified in the statutes above will be prosecuted to the full extent of the law.

### ACTION OF COLLEGE TRUSTEES

Science Hall Rebuilt, Dormitory Constructed and Gym. to be Hurried to Completion.

Granville, O., April 6.—The regular meeting of the Board of Trustees of Denison University was held here in Recital Hall on Wednesday afternoon, there being nearly a full attendance. Those present were G. M. Peters, Esq., vice president, Cincinnati; J. R. Davies, Esq., secretary, Newark; C. W. Chamberlin, treasurer, Granville; Emory W. Hunt, D. D., ex-officio, Granville; F. P. Beaver, Esq., Dayton; Rev. G. E. Leonard, D. D., Norwalk; E. M. Downer, Esq., Granville; Rev. G. W. Lasher, D. D., Cincinnati; Burton Case, Esq., Granville; Rev. C. J. Rose, Granville; Rev. J. W. Weddell, D. D., Cincinnati; E. J. Barney, Esq., Dayton; S. F. Van Voorhis, Esq., Newark; Torrence Hoffman, Esq., Dayton; E. M. Thresher, Esq., Dayton; Ambrose Swasey, Esq., Cleveland; Rev. H. F. Stillwell, D. D., Cleveland; J. M. Swartz, Esq., Newark; Rev. C. J. Baldwin, D. D., Granville; C. T. Lewis, Esq., Toledo; J. M. Amos, Esq., Cambridge.

In addition to the transaction of the regular business of the board the important emergency action necessitated by the destruction of Barney Science Hall by fire, was the principal cause of the convening of the trustees at this time.

A called meeting of the building committee was held on Tuesday evening, and with the architect, considered and made recommendations for the future.

The burning of Barney Science Hall occurred in the midst of the building operations comprised in the recent movement for increasing the equipment of the university, and it is a great gratification to Dr. Hunt to see his plans for the new buildings for which he had labored so hard, ratified, and at the same time to have the loss occasioned by the fire not only provided for but an advance movement in scientific work.

The plans of the building committee were ratified, by the large and representative body of trustees with much enthusiasm.

It was voted to proceed immediately with the rebuilding of Barney Science Hall and the familiar building is to be pushed to completion in time for use by next fall.

In addition to this it was decided to proceed at once with the building of the young ladies dormitory of Shepardson college, need of which has been demonstrated by the fact that some thirty young women have been turned away from the college each year for the past several years, because of lack of room to accommodate them. The dormitory and furnishings are to cost \$25,000. The plans have been accepted, and the contract is to be let immediately.

The Cleveland Hall, Gymnasium and Y. M. C. A. building, which is already partly in use, is to be pushed to completion, and the contract for the young women's gymnasium, which has been assured by the gift of W. H. Doane of Cincinnati, has been let already and work will be begun in a few days. The building will cost \$15,000, and while not large, is to be quite complete, and fitted to compare with the splendid gymnasium of the men's college.

The systematic improvement of the college grounds, according to carefully studied plans made by noted landscape gardeners, who have come from the East for the purpose, were also considered, and while no definite action was taken in this regard, it is quite likely that some decided improvements in this line will be made.

The meeting was very large and enthusiastic, and the determination expressed by the trustees, many of whom are men of means, to push onward, showed clearly that the university is to take no backward step but that an advancement is to result from its recent misfortune. The recent calamity instead of giving a setback to the institution, has called attention to the needs of the scientific department and led to plans for still further additions to its building equipment in the not distant future, though these plans have not been fully matured. A spirit of enterprise not supposed to exist anywhere but in Chicago, was exemplified by the members of the scientific faculty of the university, and shown in the fact that at the opening of the term on Tuesday, five days after the disastrous fire which swept away the laboratories and a large part of the equipment of their departments, the schedule of courses for the spring term was offered substantially as provided in the catalogue. Lectures were in some cases substituted for laboratory work and in all cases many incidental alterations were involved in the change

of location, but the energy and businesslike methods of these six members of the scientific faculty produced results which would have been thought impossible on the day following the disaster.

An important action of the trustees was that which raised Professor Birney E. Trask to the rank of full professor of engineering, with a corresponding increase in salary.

The trustees also took action looking toward the raising of the additional funds necessary for carrying out the extensive building operations contemplated, and providing that Dr. Hunt shall not bear alone the burden of securing the funds.

Much interest was shown by Mr. E. J. Barney of Dayton, the generous donor of Science Hall, in the ruins of the beautiful building erected to the memory of his father, and in the plans for enlargement of the institution of which he and his father alike have been such valued and steadfast friends.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. ## COSHOCKTON NEWS

Indictments Returned by Grand Jury. Elks Clear over Eight Hundred Dollars by Minstrels.

Coshockton, O., April 6.—Eleven indictments of true bills have been returned by the grand jury.

Edward Prigley and George Haughran, the two men charged with holding up Adolph Sahling, were indicted for robbery.

Willard Mobley of Morgan Run, who was bound over to court from Squire Williams' court for using indecent language in the presence of women, was indicted.

Clyde Cook who was arrested Monday upon the charge of stealing the cash drawer and money from the Parkview billiard parlor Sunday night, was indicted for burglary.

These four men are in jail.

The others against whom indictments were found are still at large and their names cannot be made public until they are placed under bond. One or two of these cases will be of the sensational order.

The case of David M. Darringer against Sarah Potter Darringer, in which the plaintiff alleges that his wife called him a "billy goat" is occupying the attention of Judge Maxwell Wednesday afternoon. They were married the 11th of last July. Besides calling him queer names Mr. Darringer charges his wife with gross neglect of duty and extreme cruelty and says she has refused to cohabit with him ever since they were married. Last November she left him. Staats and Williams represented the plaintiff.

The report from the Elks minstrel showed that the net receipts were \$329. The amount realized from the sale of tickets was \$1025.

## VALUATION TOO LOW

Cleveland Man Astonishes Board of Review By Asking to Have His Taxation Increased.

Cleveland, O., April 6.—Thomas Fitzsimmons, a wealthy brass founder had the unique distinction of astonishing the Board of Review by asking that the valuation of his property be advanced. For five years he has insisted that the valuation placed on his property was ridiculously low. There are almost 11 acres in the tract and he has been paying on a valuation of \$100,000, about \$180 an acre, while he claims it is worth over \$400,000.

"You are welcome to assess my property at 70 per cent of its true value in money," said he to the board, "if you will assess others at 60 per cent. Let there be no discrimination or favoritism. Treat all alike."

## DEDICATION

OF WELSH CHURCH WILL TAKE PLACE NEXT SUNDAY.

Fourth Street Edifice Has Undergone Extensive Repairs—It Was Built Forty Years Ago.

The First Congregational church of which the Rev. T. H. Warner is pastor, located on North Fourth street, will be dedicated on next Sunday with imposing ceremonies.

This church, which will probably be better known to the people of Newark as the Old Welsh church of North Fourth street, has been extensively remodeled and the interior refurnished in a simple but artistic manner and is now one of the prettiest of the Newark churches. The entire front has been enlarged and rebuilt of brick and there are three beautiful stained glass windows which are memorials of J. W. Evans, Evan W. and Mary E. Jones, and Thomas K. Jones and family.

The new windows in the church proper are also stained glass, those in the north side being memorials of Deacon Thomas D. Jones and wife; Samuel J. Davis, David Owens and Elizabeth Owens, respectively; while those on the south side are in memory of Deacon David Owens and wife; Evan Jones and Ann Jones; Mr. Davis Thomas respectively.

A large and spacious new stair case of oak has been built in the front of the church auditorium proper, which will admit of easy access to and from the church. The interior has been repainted and painted, and presents a very neat appearance.

The church which was built in 1865, is one of the oldest in the city, and was one of the leading Welsh churches in the county. Nearly all the present 70 members of the church are descendants of early Welsh settlers of Newark and the surrounding county.

The program for the dedication follows:

10:45 a. m.—Hymn 17; Invocation; responsive reading; solo—Mrs. Irene Ditter; Scripture reading; Anthem. Our Father Who Art in Heaven; prayer; Hymn 63; Sermon: "The Making of a Church," Rev. C. H. Small, D. D. of Cleveland; announcements and offering; Hymn 129; benediction.

2:30 p. m.—Hymn 314; Scripture reading and prayer; duet—The Misses Hughes; addresses: Revs. J. B. Boyce, L. S. Boyce, T. A. Cosgrove, H. N. Miller; solo, Mr. J. W. Horner; addresses: Rev. J. C. Schindler, L. C. Sparks, T. L. Kierman; hymn 367; announcements and offering; benediction.

Sunday, April 9, 7:00 p. m.—Hymn 57; Scripture reading; solo, Miss Minnie Sheppard; prayer; hymn 119; sermon, "The Essentials of a Personal Religion of Power," Rev. C. H. Small, D. D. of Cleveland; Anthem, Jerusalem. My Glorious Home; announcements and offering; hymn 271; benediction.

Christian Endeavor Union, topic, "The Endeavor Motive."

This church was organized in 1840 and the church was built in 1865. For over 60 years the services were conducted in the Welsh language, but two or three years ago it was thought best to substitute the English language for the Welsh. The services are now entirely in English and the church is thoroughly American. The present efficient pastor, Rev. T. H. Warner, began his work here October 1, 1904.

The church has been remodeled at a cost of about \$2600, the plans being prepared by Architect Arbaugh and the work done by Contractor Shauk.

## COMMENCEMENT

WILL PROBABLY BE HELD IN ONE OF NEWARK'S CHURCHES.

Work will be commenced next month to redecorate the Memorial Auditorium.

As a result of the redecorating of the Memorial Auditorium, which will probably be started next month, the Board of Education and members of the faculties of the High school and the St. Francis de Sales school are in a quandary as to selecting a place large enough for holding the commencement in June.

Previous to the building of the Memorial building in 1893, most of the school commencements were held in the High school chapel which will seat comfortably about 400 persons. This was almost large enough to accommodate the audiences, but on account of the rapid growth of Newark it was necessary to secure a larger hall and the Auditorium has since been used to great advantage. It is understood that the trustees intend redecorating in a beautiful manner the interior of the Auditorium and desire to begin the work as soon as possible, so it will be entirely completed when the season opens in September and as a result it will be impossible for the schools to use the building in June.

It is possible that one of the churches will be used for the commencement while the Auditorium is being repaired.

Low Fares to California via Pennsylvania Lines—April 10th to 14th, inclusive, excursion tickets to San Francisco and Los Angeles, account Sessions of the Woodmen of the World and Women of Woodcraft, will be sold from all stations on the Pennsylvania Lines. For full information regarding fares, routes, time of trains, etc., apply to Local Ticket Agent of those lines.

Children's Russian blouse suits, sailor suits and Russian Norfolk suits, for ages from 2 1/2 years up at EMERSON'S.

**Hurbaugh Transfer Company Will Remove April 1.**

In order to accommodate its large and rapidly increasing business, the Hurbaugh Transfer company will remove to more commodious quarters on April 1. The new quarters of the transfer company will be in the large barn, Nos. 42, 44 and 46, formerly known as the Ten Cent Barn, on the east side of Fourth street, just below the canal. In the new and better location the Hurbaugh company will be better prepared than ever to transact business and accommodate its many friends.

Remember with each purchase of four pairs of Rusty Brown Stockings for \$1.00 at one time you get one pair of hose free, besides rubber stamps, drawing books, &c. Sale continues six more days at EMERSON'S.

## AMUSEMENTS

LAST ROSE OF SUMMER.

W. P. Patton, who styles himself as a peculiar comedian, appeared last night at the Auditorium before a fair sized audience in The Last Rose of Summer. The play was a pretty one and the cast was very good. Mr. Patton made an instantaneous hit with his "peculiar" comedy and through the entire play his appearance on the stage was a signal for hearty laughter. Mr. Patton's interpretation of his part was decidedly new and unique and the audience watched the curtain descend on the last act with regret.

**SYMPHONY ORCHESTRA.**  
Following is a description of one of the numbers that will be rendered by the Cincinnati Symphony Orchestra at the Auditorium on Thursday, April 13: March, "Louisiana," Op. 32, Frank van der Stucken. The officials of the St. Louis World's Fair commissioned three American composers for the dedication exercises at the Exposition. J. K. Paine, of Boston, wrote the "Hymn to the West," "Hail, Hail, New York," "De Soli Valse," and Frank van der Stucken, of Cincinnati, the "Louisiana March." The March is written in the regular American two-step rhythm, but it differs materially in form and contents from the portly types that now enjoy the favor of the American public. While its themes have the true ring of a spirited march, its brilliant instrumentation and its clever working out entitle it to a place among symphonic compositions, and the composer can be said to have succeeded in satisfying both the musician and the layman. To give local tinge to the March and to illustrate the data of the Louisiana Purchase Exposition, parts of the popular airs in the "Marche," "Hail Columbia," "Dixie," and the "Doxology" have been used in various parts of the composition.

The March was played many times by the World's Fair Symphony orchestra, and also during the summer in Wiesbaden, Carlsbad, Scheveningen, Antwerp, Lausanne and Ostend.

**WHO GOES THERE?**  
An interesting phase of moulding a play into public approval exists in the case of "Who Goes There?" which has been touring the country with Walter E. Perkins in the star role since early this theatrical season. At first "Who Goes There?" made no attempt to be anything but a straight-away, undisguised farce. Then it went to the Princess Theatre, on Broadway in New York and was changed into a musical play. Commenting on the metamorphosis "Who Goes There?" underwent, Renold Wolfe, a writer on the New York Telegraph, is quoted as follows: "Claxton Wilsbach's apology for this change of front is that the patrons of 'Who Goes There?' were laughing too much. He declares he discovered that such a thing is not only possible, but sometimes profitable. Mr. Wilsbach being one of the three Wilsbachs trained to the hour for a contest with the vicissitudes of theatrical existence, might have hit upon a less rollicking excuse, but scarcely a more ingenious one."

Nevertheless, the point is that "Who Goes There?" finds itself fortified by light, rippling melodies and accompanied by a chorus of twenty. Mr. Wilsbach asserts that the musical numbers now give patrons an opportunity to rest their sides and soothe their over-worked nibilities.

The production will remain henceforth a musical play, and with its status absolutely established a long route tour of the principal cities has been booked for next season.

"Who Goes There?" will be seen here for a return engagement with the

New York cast, including Miss Evelyn Francis, of Newark, Saturday evening, April 15.

**SHOW GIRL COMING.**

B. C. Whitney has so long been identified with spectacular productions of all kinds that his name attached to any musical enterprise always means that one is going to see an elaborate production from a scenic standpoint; girls that are exceedingly pretty, costumes that are immense and specialties that are great—that "The Show Girl" or "The Magic Cap" is no exception to this rule. It will be seen at the Auditorium on April 17. Seats on sale Wednesday.

**TONIGHT'S ENTERTAINMENT.**  
The entertainment which was announced last Monday to be given at the East Main street M. E. church, will be rendered this evening. Miss Nellie Amber, Cressen, of the Capital college of Oratory and Music, in Columbus, will give some of her select readings. Miss Cressen is a reader of wide reputation and pleasing address.

During the entertainment a splendid musical program will be rendered in which Misses Anna Davis, E. Mabel Glenn, Elinor Murphy and Prof. N. B. Yearley will take part.

**SCORCHED NOTES**  
From Burned Railroad Car Being Passed by Connellsville, Pa., Railroad Men.

Saturday's Connellsville, (Pa.) News states: News came to Connellsville, today that a number of railroad men, had been spending, at Cumberland and other nearby places, money taken from the B. & O. railroad car that was burned on the Connellsville division about a month ago. The paper currency is not good, not having been signed, but it is said the men passed it off on unsuspecting boarding house proprietors. It was first detected by means of scorches on the ends. The United States authorities will take up the case.

Inquiries at numerous places in South Cumberland failed to find the place where such notes had been passed, although it is remembered that several weeks ago persons were showing some of this currency here stating they had the notes as souvenirs. Detectives were here about that time making an investigation.

**MANUFACTURERS**  
Unable to Attend Glass Meeting at Mt. Vernon Thursday—They Will Come Next Week.

The meeting that was to have been held in Mt. Vernon Thursday evening to take action on the proposition of Messrs. J. M. Ickes and Chas. L. Sturgeon, representing a Hartford City, Ind., corporation, to establish a large glass plant in that city, has been postponed until the first of next week on account of the glass representatives being unable to be present this evening. Mr. Ickes, however, went up to Mt. Vernon Thursday for the purpose of looking over the ground, and if possible to secure an option on land on which to erect the glass works.

Sugar shipments from Hawaii for the year ending June 30, 1904, totaled \$24,359,855.

## AUDITORIUM

WILL BE REPRESENTED IN THIS THEATRICAL CIRCUIT.

Meeting Held in East Result of Work Done by Managers of Newark Auditorium.

A meeting of actors and theatrical managers representing forty of the largest cities in Maryland, West Virginia, Pennsylvania and Ohio, was held at the Colonial Hotel, Pittsburg, last week to perfect plans for the organization of a theatrical circuit to act as an auxiliary to the larger controlling interests in the theatrical world. Alton, Johnstown, Uniontown, Connellsville, New Castle, Washington, Du Bois, Zanesville, Clarksburg, Canton, Charleston, Fairmont, Huntington, Cumberland, Newark and other cities of like importance were represented.

The object of the organization is for mutual protection locally, to correct wrongs of traveling companies, and to develop the business generally in the proposed circuit.

Plans and resolutions were adopted and a committee selected composed of Messrs. H. Beeson, Uniontown, Pa.; J. F. Genhenger, New Castle, Pa.; an F. P. Mellinger, of Cumberland, Md.; to establish a permanent organization and open an office in New York City June 1 to solicit and book the numerous houses represented in a systematic manner—Cumberland, Md., Times, April 3.

Managers Johnson and Matthews of the Auditorium, were unable to attend the meeting above referred to but were represented by Mr. S. G. England of the Weller Theatre, Zanesville. This circuit is the direct result of the work of the Newark managers, who had partially formed a six theatre circuit and will be of great assistance in securing better attractions for all the theatres.

By Thompson's Barosma. No Return of the Disease after Six Years.

I had been troubled with Kidney and Liver complaint for several years. I had suffered with a dull, heavy pain across the back. I had gradually become all run down. A great deal of the time my stomach was filled with gas and I was growing very nervous and was constantly suffering with headaches. Finally I discovered a white, cloudy sediment in my urine which frightened me, for I knew then I had Bright's Disease. I began taking Thompson's Barosma, Kidney and Liver Cure at once and three bottles seemed to cure me, but to insure a permanent cure I took three bottles more. Although this was six years ago I have had no relapse. I have been perfectly free from pain—Frank K. Stevens, Sturtevant, Crawford Co., Pa. Thompson's Barosma 50c and \$1.00.

# WONDERS

Of the Heavens, Heretofore Unknown, Disclosed by the New Bruce Telescope.

Los Angeles, Cal., April 6.—The new Bruce telescope, which has just been erected on Wilson's peak by Prof. E. E. Barnard, is already turning out material of the highest interest and value.

One of the most striking of the professor's finds was made only two nights ago. Upon developing a plate taken during the night, with a long exposure, covering the region of Sagittarius, there was revealed in the lower left hand corner a whitish appearance, with edges sharply defined and presenting an appearance not unlike the gauzy wings of a fly. But this gauzy white blur was in truth the faithful picture of a celestial object of inconceivable magnitude, and which, until that morning, no mortal eye had beheld. It was a hitherto unknown nebula, unknown even to the professor himself, and whose presence upon his plate he had not suspected, until the action of the chemical bath had revealed it.

The nebula is so remote from our system that no accurate estimate of its area can be made; the light that emanates from it, traveling at a speed of 180,000 miles a second, might take more than half a century to reach us. There is little doubt that 1,000 solar systems such as ours might be spread out within the confines of this nebula and show but as an island in the ocean.

Largest in the World.

Cambridge, Mass., April 5.—A new 60 inch reflecting telescope made in England in 1883 by the late A. A. Common, and purchased by Harvard university, is being set up at the astronomical observatory. In point of aperture the new instrument is the largest telescope in the world.

# Can Highly Recommend It.

I suffered with rheumatism for several years and took all kinds of remedies. Twice I took treatment at the famous Indiana Mineral springs, but can truthfully say that it was never cured or very much relieved until I took Jamaica Rheumatic Cure. Causes Death of Little Louise Rivers — At 218 the Child Fell and Soon Died.

New York, April 6.—Louise Rivers, of New Rochelle, 11 years old, sacrificed her life in a successful effort to become the skipping rope champion of her neighborhood.

To jump the rope 200 times has long been the championship record of the district. The child had often tried in vain to exceed it. When she began jumping in her last attempt, Louise looked as usual. As she approached the 200 mark she was pale and tired, but she kept on jumping. At 218 the girl fell, screaming with pain, and died shortly afterwards at the hospital. The doctors found she had been attacked by acute appendicitis.

# STATE NEWS

Preparing to Contest.

Columbus, O., April 6.—Superintendent Wayne B. Wheeler, of the Anti-Saloon league, is preparing the petition of the dry element at Washington, C. H. to test the legality of the recent Beal law election, which resulted in a wet victory. Gross fraud and the use of money are charged.

Sunday School Convention.

Pataskala, O., April 6.—On April 30 Lima and Jersey townships will hold a Sunday school convention in the Pataskala U. B. church. A number of state workers will be present and will take part in the exercises. Among them are Miss Bessie Mast, Messrs. C. W. Shinn and A. T. Nelson.

Utica Guests Present.

Mt. Vernon, O., April 6.—Miss Selora Stuart Black and Mr. Gail Ogle Cooksey were married Wednesday afternoon at the home of the bride's mother, Mrs. E. L. Black. The out of town guests were Mr. and Mrs. Cooksey, Miss Bessie Cooksey, Miss Fae Sperry of Utica, Mr. Carroll Jackson of Gambler. Mr. and Mrs. Cooksey will go to housekeeping in the Curtis flats.

Byesville vs. L. C. Taylor.

Byesville, O., April 6.—The long drawn out case of our improvement committee against L. C. Taylor et al, came to a close on Saturday. The case went to the jury at 9 o'clock and at 2:25 they returned a verdict in favor of the plaintiffs for \$5,944.63. An appeal was made to the Circuit court.

Wedding Kept a Secret.

Zanesville, O., April 6.—The many friends of Miss Anna Barnett and Mr. Charles V. Gaumer were surprised to learn of their marriage Monday evening. The wedding was kept secret. Mrs. Gaumer is the daughter of County Treasurer Watt M. Barnett. Mr. Gaumer is one of the popular young business men of the city.

Mrs. Chadwick Hopeful.

Cleveland, O., April 6.—When informed she had been granted a stay of sentence Mrs. Cassie Chadwick said: "This news has cheered me more than I can express. It has given me confidence to hope that the court of appeals will order a new trial, which should have been granted by Judge Taylor here. I believe that another trial under more just conditions will clear me of all guilt. My trial was far from being a fair one, and the decision in Cincinnati goes to show that the court there is disposed to give me all the chance the law allows to prove my innocence. I was entitled to a stay of execution on filing my appeal, and the court has clearly shown that." The stay of sentence is to hold until the further order of the court.

Injunction Dissolved.

Akron, O., April 6.—Judge Washburn dissolved the temporary restraining order granted to enjoin the improvement of the northern Ohio canal on the ground that the contract was not let regularly by the state board of public works. The court decided against George W. Carmichael & Co., who began the injunction proceedings, and ruled that the letting of the contract for the work between Akron and Cleveland to P. T. McCourt and McGarry & McGowan was regular.

Another Adjournment.

Cincinnati, O., April 6.—The case against J. Morgan Smith and wife was called promptly, but very quickly disposed of, another adjournment being taken until next Monday. The attorneys for the Smiths asked an adjournment, simply saying that they wished more time. Bail was fixed at \$2,000, but was not immediately forthcoming and the prisoners were taken back to the county jail.

Standish Convicted.

Urbana, O., April 6.—Samuel Standish was convicted by the jury of subornation of perjury. Standish is the former mayor of Woodstock, at present a justice of the peace and a prominent politician. He was charged with inducing William Wooley to make a false confession of the murder of William E. Latimer, the Woodstock merchant, who was murdered a year and a half ago.

Carnegie's Gift.

Hamilton, O., April 6.—Andrew Carnegie gave Miami university, Oxford, \$40,000 for the erection of a new library. The announcement of Mr. Carnegie's gift was made in the college chapel by President Benton. A condition attached is that the college raise a like sum for the maintenance of the library.

Veteran Editor.

Waverly, O., April 6.—John A. Jones, the veteran editor of the Courier and Watchman, died suddenly of pneumonia, aged 65. He edited the Democratic organ of this county for over 45 years. He was a practical printer and worked at the case daily until his death.

OHIO BREVITIES.

Bucyrus—Walter M. Ball has returned from the East and announces that the financial arrangements are complete for securing another electric rail way into Crawford county. The road is known as the Gallion and Southern.

Standish Convicted.

Urbana, O., April 6.—Samuel Standish was convicted by the jury of subornation of perjury. Standish is the former mayor of Woodstock, at present a justice of the peace and a prominent politician. He was charged with inducing William Wooley to make a false confession of the murder of William E. Latimer, the Woodstock merchant, who was murdered a year and a half ago.

Carnegie's Gift.

Hamilton, O., April 6.—Andrew Carnegie gave Miami university, Oxford, \$40,000 for the erection of a new library. The announcement of Mr. Carnegie's gift was made in the college chapel by President Benton. A condition attached is that the college raise a like sum for the maintenance of the library.

Veteran Editor.

Waverly, O., April 6.—John A. Jones, the veteran editor of the Courier and Watchman, died suddenly of pneumonia, aged 65. He edited the Democratic organ of this county for over 45 years. He was a practical printer and worked at the case daily until his death.

OHIO BREVITIES.

Bucyrus—Walter M. Ball has returned from the East and announces that the financial arrangements are complete for securing another electric rail way into Crawford county. The road is known as the Gallion and Southern.

Kenton—The Church of Christ has issued a call to Rev. T. W. Pinkerton of Salt Lake City, to fill the pulpit made vacant by the resignation of Rev. C. C. Rowlinson, who has been elected president of Hiram college.

Causes Death of Little Louise Rivers — At 218 the Child Fell and Soon Died.

New York, April 6.—Louise Rivers, of New Rochelle, 11 years old, sacrificed her life in a successful effort to become the skipping rope champion of her neighborhood.

To jump the rope 200 times has long been the championship record of the district. The child had often tried in vain to exceed it. When she began jumping in her last attempt, Louise looked as usual. As she approached the 200 mark she was pale and tired, but she kept on jumping. At 218 the girl fell, screaming with pain, and died shortly afterwards at the hospital. The doctors found she had been attacked by acute appendicitis.

## LOCAL PLAYERS

Disappointed Because Coshocton Will Not Come to Play Tonight's Basketball Game.

The Y. M. C. A. basketball players are trying to find some excuse for the action of the Coshocton people for cancelling the game which was scheduled for tonight at the gymnasium. The local players have been at great expense to advertise the game and the action of the Coshocton people was unwarranted to say the least. It is the opinion here that the quitters feared to meet the local team on account of the close score with Newark High and the severe drubbing they received at the opening of the season.

## Y. M. C. A. TEAM

Nearly All the Old Players Will be in Action at Opening of the Ball Season.

The outlook is promising for a winning Y. M. C. A. baseball team for this season. Nearly all of the old players will be in action at the opening game and a number of new ones have expressed their intention to try out with the team. Pine and McCarthy will pitch again this year and Director Pinneo has an eye on a twirler from Utica who will be used occasionally.

Within a few days work will be commenced on the athletic field so it will be ready for the opening of the season. A faster schedule will be arranged this year and the association boys do not fear the result of games with any of the amateur teams in the state.

## NEW NEWARK LEAGUE

Grammar School Boys Organize to Play Ball This Season—Mr. Pinneo is Behind It.

A baseball league among the city grammar schools with one from the grammar department of the Catholic schools is the newest development in fandom. Physical Director George M. Pinneo is the father of this proposition and the league when organized will be conducted under the direct supervision of the physical department of the Y. M. C. A.

Mr. Pinneo said: "I believe a league of this kind organized properly and conducted under the supervision of the association, will be a great thing for the boys. They will play ball and it is good, clean, healthy sport. If it is carried on under the supervision of the association I am sure much good benefit will come of it."

Teams will be organized in each grammar school in the city, with one in the Catholic grammar department. The league will be known as the City Grammar School league. There will be at least seven teams in the league and possibly eight. A regular schedule will be arranged and the league standing will be kept accurately and published after each game in the papers. It is proposed to open the season about the 15th of April or as near that date as possible.

Mr. Pinneo will call upon each school within the next few days and talk over the matter with the pupils. The entire affair has been approved by the board of education and will not in any way interfere with the work of the boys in school.

## DRUMM CONFIDENT

Zanesville Mogul's Leader Names His Pitchers and Says Catcher Blue Will be There Too.

Zanesville, O., April 6.—Full of hope of success, Fred Drumm has dropped into the city and will remain until his team of Moguls start out on the road, about April 22. Curt Elston, the big left handed pitcher, of Marietta, who has worked with Drumm for the last two years, has signed with Wheeling in the Central league. With this exception, all the players who signed contracts this season will be here, including Miller. In addition, Drumm has secured Bert Blue, the high-rated catcher of Findlay.

In Zanesville's list of pitchers are Lucas of Wheeling, Wm. Gehring of Bridgeville, Pa., Ed. Hines of Pomeroy and Wm. Hughes of Fostoria. Harry Bailey of Shawnee will play at short or outfield.

## BASKETBALL GAME OFF.

The basketball game between the Newark High school and Coshocton High school teams has been cancelled. Word was received from Coshocton this morning that the team had disbanded.

In some parts of India sheen are used as beads of burden, and are found to be capable of carrying from 17 to 25 pounds a day. They live on what they can pick up by the side of the road, and are cheap for expeditions that do not want to carry any great bulk of baggage.

## DISTRICT MEETING

DEGREES CONFERRED UPON 14 PAST GRANDS.

Three Counties Represented at Odd Fellows Gathering Held Here on Wednesday Night.

A district meeting of the Past Grand of the lodge of Odd Fellows of the district composed of Licking and parts of Fairfield and Delaware counties was held at Odd Fellows hall, this city, on Wednesday night. There was a large attendance from all over the district and the degree was conferred on fourteen Past Grand in a most impressive manner by District Deputy Robinson of Hanover. Among the other business transacted the District Deputy was instructed as to his duties regarding the redistricting of the district, to be held at Logan, O., on May 11th.

## THE OLDEST ELK

In the United States is George Barney of Elkhart, Ind.—Mr. Barney is 82 Years Old.

Elkhart, Ind., April 6—The oldest Elk in the United States is a member of Elkhart lodge No. 425. George T. Barney was born in April, 1823, and therefore is nearly 82 years old. There is no member of the Elkhart lodge who takes a keener or more active interest in the affairs of the order or who is more regular in attendance. No social session goes by without Mr. Barney being present. He is as youthful in capacity for enjoyment as any Elk 25 years of age. Mr. Barney is a retired lawyer. He is a Mason and a member of the Mexican War Veterans' Association. Recently there was buried at Connersville, Ind., Mr. Anthony Watts, who was given a medal at the Grand lodge meeting of Elks at Cincinnati last summer for being the oldest Elk. Mr. Barney is older than was Mr. Watts by from April to August, the latter having been born in August, 1823. Mr. Barney, however, did not learn of Mr. Watts being given the medal until after the Grand lodge meeting.

## WOODMEN

CAME FROM COLUMBUS TO ATTEND NEWARK MEETING.

Class Adopted, Then Came Smoker and Speech Making—An Enjoyable Gathering.

Cedar Camp, No. 4727 Modern Woodmen of America, held a big meeting in this city on Wednesday night. A large number of the members of Ohio Camp, Modern Woodmen, of Columbus, were the guests of Cedar Camp, and it is needless to say that they were royally entertained. The Columbus contingent arrived at 8 o'clock, bringing with them their famous drill team, and headed by National Grand Auditor E. B. Thomas of Columbus.

The work of adoption was then performed upon a class of candidates, the officers and drill teams of Ohio Camp and Cedar Camp performing the work alternately. During the progress of the work some fine floor work was done by the two teams, the Forester team of Newark eclipsing all former efforts.

Venerable Counsel Rees R. Jones presided very successfully over the meeting. The following is the class of candidates that were adopted into all the rite of Woodcraft: W. A. Ashbrook of Johnstown; G. E. Besancener, Joseph Tharp, Wick Kinney, Ernest Legg, George Reisheck, George Vogelmeier, Newark; S. A. Waits, Columbus.

At the conclusion of the work of initiation, which was first class in every respect, a smoker was enjoyed. Short speeches were made by the following prominent Woodmen: National Auditor E. B. Thomas of Columbus; Rev. J. C. Schindel of Newark; W. A. Ashbrook of Johnstown; Prof. Swiss of Columbus; N. G. Sherburne, State Deputy, of Newark; Prof. Chambers of Columbus; Venerable Counsel Hayes of Columbus, and Judge E. M. P. Brister and Dr. B. B. Ashbrook of Pataskala.

## BY FOUR MEN

FRANK M'DANIELS IS HELD UP IN NORTH NEWARK.

Robbed of \$16—Officers Hurried to the Scene in an Auto, But Robbers Made Escape.

The police received a hurry call on Wednesday night shortly after seven o'clock, from 609 Hudson avenue. The person sending the call to the officers stated that Frank M'Daniels had been held up on Hudson avenue just outside the city limits and that his assailants were making their escape northward.

Captain Bell and other officers were taken to the scene of the alleged hold-up by James Mills in an auto, and found M'Daniels awaiting them. He stated that he was attacked by four men who relieved him of \$16 in money and some papers. He could give no description of the men and the police have no clue to work upon. The police, however, are investigating the case.

## BANK DIRECTORS

ARE NAMED BY NEW FRANKLIN NATIONAL OF NEWARK.

W. A. Robbins President, and Wm. L. Prout Vice President—Cashier is Not Yet Elected.

At a meeting of the incorporators of the Franklin National Bank of Newark held on Wednesday night, directors were named as follows: John J. Carroll, Edward Thomas, A. H. Heisey, Edward Kibler, William L. Prout, E. M. Baugher, A. F. Crayton, M. Q. Baker, Harry Swisher, Thad L. Montgomery, D. C. Winegarner and W. A. Robbins.

W. A. Robbins was elected president and Wm. L. Prout vice president of the new bank, which will be ready for business in a short time. The election of a cashier has not yet taken place.

The new bank, which will be a merger of the old Franklin bank and the Peoples National bank, will begin business about May 1. The Peoples bank rooms will be remodeled and refitted and until this is done the new bank will occupy rooms now used by the Franklin Bank company.

## HON. BENJ. F. JAMES

FORMER GRANVILLE STUDENT GETS GOOD APPOINTMENT.

Through Senator Foraker's Influence He Becomes a Spanish Claims Attorney—Goes Abroad.

Benj. F. James referred to in the following dispatch from Bowling Green, O., is well and favorably known in Newark and Licking county. Mr. James was a member of the Ohio legislature several years ago and in the eighties attended school at Denison university, Granville.

Bowling Green, O., April 6—Attorney General Moody has tendered Benjamin F. James of this city, an appointment as assistant attorney to the Spanish Treaty Claims Commission. Mr. James will undoubtedly accept. The appointment came unsolicited on the part of Mr. James through the influence of Senator J. B. Foraker, and seals an intimate friendship which has existed between Senator Foraker and Mr. James. Mr. James has been a leader in the Foraker element in Ohio for years, and in securing this appointment for him Senator Foraker simply recognizes the unselfish work in his interests of a tried and true friend.

Mr. James' duties in the Department of Justice will be to advise the government in the adjustment of one of the 600 claims brought by citizens of the United States before the Spanish Treaty Claims Commission aggregating \$65,000,000. His duties will probably take him to Madrid, Spain, and Havana, Cuba. He will report to the department of Justice at Washington, D. C., about the last of this month.

## REALTY NOTES

WORK OF REMODELING THOMAS MILL HAS COMMENCED.

East End Addition Will Soon be Graded—Several Building Permits and Property Transfers.

Preliminary work was commenced Thursday morning towards the remodeling of the old Thomas mill on Second street which was recently purchased by Messrs. William Kellenberger and Fred G. Spear. The big sixty foot stack which has stood for years, was felled, the work being done by Frank Swartz. The process of felling this immense pile of brick resembles that used in cutting down a tree. Jacks were placed under one side while bricks and mortar were dug from the opposite side until the tall stack toppled over. The task is an exceedingly dangerous one. The building will be made into store rooms with living apartments above. The building contract has not been let.

The piece of ground near the Children's Home which was purchased last fall by an eastern syndicate and which will probably be another addition to Growing Newark is rapidly being improved. Within a week or so the property will be placed upon the market.

Mrs. Dr. J. P. Stedem has plans and specifications for two modern dwelling houses to be erected on the Elmwood front of her lot, which extends from Hudson avenue to Elmwood avenue, and in the rear of the residence of Dr. Stedem. The houses will each contain six rooms, basement, bath and laundry, and will be built with every convenience. They are to be completed by the middle of August. Palmer Brothers have the contract.

The Consumers' Brewery company of Newark has taken an option on the property at the northeast corner of Third and Hickory streets, Columbus, and it is rumored that the sale will be made soon. The property option is 31 1/4 x 187 1/2 feet and it is at present occupied by a three-story brick building. The price stated in the option is about \$600 per front foot.—Columbus Press-Post.

Several handsome residences will be erected on Summit Heights in the near future.

The excavations for the new Judew flats on West Locust street near North Fourth street, have been completed and the stone masons are now busily engaged in putting in the foundations. Mr. Sherman Frisco, the well known contractor, who has charge of the work, expects to have the building ready for occupancy by September. This apartment house, owned by Dr. J. T. Lewis, when completed, will be one of the finest in the city.

## CROWD

Witnessed the Suicide of a Man, Melancholy Because His Wife Had Left Him.

East Liverpool, O., April 6—Orlando Irons, aged 38, a railroad man of Cleveland, committed suicide at the home of his brother, Bayard, by firing a bullet into his brain.

The scene of the suicide was across the way from the railroad station, where a crowd has congregated to await the arrival of a train, and the tragedy was witnessed by many people. A couple of men, divining that Irons meant to do himself or some one else injury with the revolver he flourished in his brother's yard, made a dash to wrest it from him, but before they could reach his side the deed had been done.

It is said that Irons was melancholy because his wife had left him.

## COUNTING MONEY

WHEN THE ROLL OF BILLS FELL INTO THE GRATE.

Mrs. Walrath's Quick Action Saved the Money, But Part of It Was Badly Scorched.

While counting \$55 which she was holding in her lap, while sitting in front of an open fire place at her home in Hanover Wednesday, Mrs. Clark Walrath dropped the bills and they fell into the fire. Quick action on the part of Mrs. Walrath followed and the money was rescued, but not before part of it had been burned so as to be unrecognizable at the bank.

Thursday morning Mr. Walrath brought the bills to Newark and they were examined by Willis A. Robbins, cashier of the Franklin bank, and \$30 redeemed. The balance, \$25, Mr. Robbins will send to the United States treasury for redemption.
